Judge Landis certainly has a good thing—a salary of \$7,500 as a judge and \$42,500 on the side. If anyone feels inclined to criticize the jurist for his action that criticism will probably be spoken in whispers. It behooves one to be careful in commenting on the action of federal judges.

President Wilson, according to David Lawrence, was not greatly disturbed over the election result. This political writer says that Mr. Wilson is buoyed up by the sublime confidence that his position is right and that a few years' time is all that is necessary for his vindication.

Dr. Karl has the biggest job of all over in Germany. He has been chosen by the government to straighten out its financial difficulties, to develop its industries and to get the mark back to its par value. If the doctor can do all these things in any reasonable time he deserves decoration as a real financial wizard.

It is rumored that a new prohibition officer for the territory including Illinois, Wisconsin and Michigan has been appointed thru the influence of Congressman Rainey of Chicago. The congressman was consistent in his opposition to the Volstead act and just as consistent in the support of all wet legislation. The new official is not likely to be a favorite with the dry forces.

GREAT IN WAR GREAT IN PEACE.

The Red Cross roll call is under way. Solicitors are busy calling on the people of the city and county to renew their memberships in this great humanitarian organization. It really is not necessary to say a word in behalf of the Red Cross society. The beneficent work of the organization during the war time and thus far in the reconstruction period is an open book.

Before the war the Red Cross did a great and effective work, supported mainly by large contributions from a few sources. Many people realized the greatness of the work done but it was not until the war period that people generally came into a full knowledge of Red Cross worth. Supported by millions of members instead of a few, the Red Cross is a greater and more valuable organization. It is an important part of the world life of today and in many ways is fully as necessary in the days of peace as it was in the days of conflict. The Red Cross is a national and a world resource.

FALLING GRAIN PRICES
Grain prices are now the lowest that have prevailed since 1916. Sixty cents a bushel is

price that a farmer can now realize for his corn and just about three months ago the price was \$1.50. Some grain men believe that the bottom has been reached and reaction will come, while others prophesy that there will be still lower prices. You can take your choice of these opinions.

While most farmers take conditions as they are with quite good grace, it really is not a joking matter for them. The situation is such that quite a number of the farmers figure that it would have been far better for them if they had spent the days of the late spring and early summer in marketing the grain that they had on hand instead of preparing the ground and planting another crop. The reason for this statement is that the grain they had in bins depreciated more during the weeks that they spent plowing and planting for this year's crop than they can expect to profit from the 1920 yield.

It is like a lot of other things, if farmers had any thought of such a decline the time would have been found for both the marketing and the planting.

Rippling Rhymes By Walt Mason

The Wet Home.

I stand upon the shore and peep at creatures that infest the deep, all sorts of things with fins and scales, from shrimps and lobsters up to whales. (Of course you'll say, with scornful grins, these haven't either scales or fins; smart alecks always gather near to show where little breaks appear.) As I was saying on the shore I stand and hear the breakers roar and wonder how the things that roam forever in that briny home can stand such moisture all their lives, and not get mad and beat their wives. No magazines or books are there, no glowing hearth, no easy chair, there's nothing for a fish to do but soak itself the long years thru and dodge the bigger fish that strive to catch and swallow it alive. There's no place for a fish to go, no lecture hall or movie show, I have a sympathy profound for all the fish that scoot around, and ply their fins and wag their tails, the sharks, the devilfish, the whales, I would invite them from the deep, and give them beds in which to sleep, and places where they might get dry, and noggins of denatured rye, but they can't understand the tongue in which the invitation sprung. And, maybe, as they see me stand in solemn grandeur on the land, they wonder why I don't wade in and like them wield the trenchant fin.

Funerals

Doyle.

Funeral services for Thomas J. Doyle, who met death while working at the new high school building, were held at 9:30 o'clock Saturday morning at the church of Our Savior, with Father F. F. Fornaz officiating. Burial was in Calvary cemetery.

All men now employed at the high school building attended the service in a body.

The flowers were in charge of Misses Catherine Ator, Agnes Shields, and Sweeney and Mrs. Pearl Gause.

Will bearers were, Charles Minter, William Fitzpatrick, Thomas Wall, Ellen Gruber, William Shields and Patrick Sheehan.

Ricks

Funeral services for Mrs. Margaret Hahn Ricks were held from the residence of her daughter, Mrs. Klotz, 729 North East street at 2:30 o'clock Saturday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. The minister dwelt upon the long and useful life of the deceased and spoke words of comfort to the living.

Music was furnished by Miss Nelle Self, Mrs. Mae Hitt, T. H. Rapp and W. W. Gilham. The flowers were cared for by Mrs. Allen Franz, Mrs. Ida Kitzer, Miss Nettie Engel, Miss Marguerite Mayer and Miss Marie Mayer.

Burial was in Jacksonville cemetery, the bearers being, William Ricks, Walter Ricks, Henry Ricks, Ernest Batz, Edmond Batz, and Arthur Batz.

Mrs. William Brown, Mrs. Edwin Savage of Virginia and Mr. and Mrs. Philip Nelch, Adam Nelch, Albert Hahn, Mrs. Katherine Simpson and Mrs. Charles Kraft of Springfield were in attendance at the services.

DR. VIOLETTE AND HIS WORK

The hundreds of people who have been attending the evangelistic services at Central Christian church during the past weeks have come to know that in Dr. E. E. Violette the city has the presence of a really great man. Those who come into personal acquaintance with Dr. Violette, as well as those in his audience sense the fact of his unusual strength and the breadth of his wisdom and experience. They come to know these things without any familiarity with the general facts of his life.

Those who happen to know something of those facts find the proof of the correctness of their impression of this minister, traveler, litterateur and evangelist. People of Scott county take some pride in the fact that Dr. Violette was born near Rixston and spent the early days of his life in that locality. It is related of him that as he followed the plow, on the Camp farm that he committed chapter after chapter of the Psalms and the New Testament to memory. It was that early inclination to the study of the Scriptures that has resulted in his marvelous familiarity with the Bible today. At each service here Dr. Violette reads a Bible chapter from memory and practically the whole of the New Testament is at his tongue's end.

Thru the years the evangelist has been an untiring traveler, has been around the world twice and his visits to the Holy Land have been sixteen in number. At present he is pastor of Central Christian church in Kansas City, altho he devotes a part of each year to evangelistic work. He is a platform speaker of wide fame and this year appeared on chautauqua platforms for 100 consecutive days. This 1920 work included a series of addresses at Chautauqua, N. Y.

Along with his other activities, Dr. Violette has found time for literary work and has written a number of books. In this list are, "Methods in Soul Winning," "In Palestine With the 23d Psalm," and "In Palestine At the Empty Tomb." There are several volumes of poems.

The name of Dr. Violette can be found in "Who's Who in America," where some facts in addition to those mentioned here are quoted. If one were asked the most important line of his activity it would be difficult to answer, but certainly in the field of evangelism he is doing a work of boundless worth. During the past 20 years more than 25,000 people have responded to his preaching by accepting Christ and so here is the proof that the influence of his leadership must go on unmeasured through the years.

A PAINFUL ACCIDENT
Yesterday afternoon as Mrs. Frank Garland was walking thru the west part of central park a boy on a wheel ran against her throwing her down violently and stunning her. The young chap made his getaway as rapidly as possible and the lady was taken up and conveyed to the office of Dr. Hargrove where several stitches were necessary in treating a wound in the back of her head. The boy's name was not ascertained as he made a fast run from the scene. From what could be gathered they were going in opposite directions and one of the other or both became confused with a collision as the result.

DIRECTOR'S MEETING.

A regular meeting of the directors of the Morgan County Anti-Tuberculosis league was held on Monday, Nov. 8, at 7:30 p. m. in the clinic rooms. Dr. H. C. Woltman, president, called the meeting to order. The members present were Dr. Woltman, Dr. Milligan, Dr. Hardesty, Dr. Dewey, Mr. Darr, Mr. Batz, Mrs. Adams, Mr. Dunlap, Miss Lov-

ing, Miss Russell.
After the reading and correction of the minutes for the previous month, The National Bureau of Public Service, has thru the efforts of the National association, been giving aid to ex-service men who have contracted tuberculosis. This assistance is in the form of supplies necessary to the care and comfort of the patient. In addition Dr. Milligan spoke of the large number of children who have been examined for the Fresh Air school. Of the two groups which are being started parallel to each other, the outside is now complete, though the inside one yet lacks full membership. These two groups are being started in order that we may check by comparison, the excellent results attained by sending a child who is in a run-down condition to this school where he or she may receive individual attention. This school is not for children who have open cases of tuberculosis, but it is for the children who, because of a weakened condition, have to run unfair competition or work and play in the other schools.

Dr. Milligan also solicited warm wraps and reading material for a little girl of thirteen who is sick at Passavant hospital. Anyone having such articles at his disposal will find them fully appreciated by this child.

Hardesty thought that every community should take steps to force the government to remove the extra tariff imposed on the insurance of ex-service men. Too many men, unable to meet the added requirements have had to drop the insurance which they held during their life in the army or navy.

Dr. Woltman reported that the Dietetion at Passavant hospital will aid Miss Yan in the preparation of menus for the Fresh Air School. The secretary reported a gift of potatoes from Oak Lawn. But since this supply will not last thruout the winter, Dr. Woltman appointed Mr. Batz to purchase more. Mr. Batz was appointed to the Open Air School.

committee. The other appointments will be announced later.
The secretary reported that the Modern Health Crusade had been started in Meredosa, Alexander and Jacksonville. The county canvass has not been completed. In addition Miss Russell reported the Seal Sale organization well under way. The executive committee appointments have been made. MAKES GOOD RECORD AT KNOX COLLEGE

Glidden Reeve of Jacksonville a member of the junior class at Knox college, was recently successful in the tryouts held for new members of the dramatic club of that school. Out of over seventy contestants, eight men and seven women were chosen as new members. He was also a member of the endowment campaign committee which recently obtained over fifty thousand dollars in pledges from the students for a memorial professorship of chemistry, in honor of Professor Griffith of that department, whose death occurred last summer. His class pledged over seven thousand dollars, every member contributing. At the close of the campaign the college Y. M. C. A. conducted a men's mix at the city Y. M. C. A. gymnasium. Mr. Reeve also was active in this event, as he was on the entertainment committee.

Norma Talmadge

In Arthur Goodrich's Celebrated Play

"YES or NO"

In this picture Norma appears at her best—See her in a thrilling dual role of two unhappy wives, one a spoiled daughter of wealth, the other a child of the tenements. Her splendid portrayal of two such types is thrilling to lovers of consummate artistry.

The YES GIRL who surrounded by luxury, whose every whim was satisfied—succumbed to the flattery of a parasite, passionately murmuring "YES."

The NO GIRL who burdened with poverty, fought with all her strength to keep intact the altar pledge to honor crying "NO."

The YES GIRL fought with all her alluring beauty, and undeniable charm, from the tie that bound her to an unhappy marriage.

The NO GIRL fought with the strength of a female who is compelled to combat the brute with brute strength that she might keep holy and intact, the altarpledge. WHAT HAPPENED?

See NORMA, exquisite as the YES GIRL, but more lovable as a NO GIRL.

M'QUEENEY BOOKS SEIZED BY OFFICIALS

Books of Investigation Agency Taken by States Attorney—Employee Said to Have Tried to Secure Money From Coal Firm.

CHICAGO, Nov. 13.—Records and books of the James M. McQueeney investigating agency were seized today by the state's attorney's office after William E. Morton, 23, an investigator for the agency had attempted to obtain \$150 from Mortimer B. Flynn member of the firm of Pottinger and Flynn, said to be the largest independent coal dealers in Chicago.

Assistant State's Attorney Nicholas Miles who led the raid said the coal dealers had been harassed by the so-called "coal trust" and that the McQueeney had assisted in annoying Mr. Flynn.

Prosecutor Michaels said Morton made a statement that the coal firm had been harassed because it had defied the Franklin county coal operators' association, the coal merchants association of Chicago and the retail coal bureau.

WITH THE SICK

The venerable B. R. Upham is a patient at Passavant hospital and is seriously ill. Mr. Upham is now past 90 years of age and ranks as one of the oldest citizens of Jacksonville.

The many Morgan county friends of Mrs. Caroline M. Duer will regret to know of her serious illness at her home in Sangamon county. Two months ago Mrs. Duer suffered an attack from which she was in a critical condition for more than two weeks. Subsequently she rallied and seemed to have regained nearly her normal strength, but about a week since a second attack came and she is again quite ill. The her condition is not as serious as was true before.

JOHN DELESS DIES SATURDAY NIGHT

Well Known Citizen Passes Away at Passavant Hospital—Has Been at Institution Several Months.

John Deless, a well known resident of this city, died at Passavant hospital at 11 o'clock Saturday night. Mr. Deless suffered a stroke of paralysis several months ago and had been a patient at the hospital since.

Deceased was 57 years of age at the time of death and had resided here all his life. He is survived by his widow and three sons, Erwin and Leo of this city, and Leonard, of Canton. He also leaves two sisters, Mrs. Louisa Orr and Mrs. Louis Cady of this city, and one brother, Robert Deless, of Canton.

Mr. Deless was a stonemason by occupation and followed the trade in this city for many years. He was a member of the Presbyterian church and a man highly regarded in the community.

The body was removed to the undertaking parlors of Arthur G. Cody and prepared for burial. The time of the funeral will be announced later.

Social Events

Mrs. Ed Brown will entertain College Hill Monday afternoon at her home on West state street. Subject for the afternoon Shetland Islands and Isle of Man by Mrs. Geo. Bancroft.

Gave Surprise Party for Miss Westrope

The employees of F. W. Woolworth & Co. held a surprise and miscellaneous rush in honor of the cashier, Miss Hazel Westrope, who is to be the bride of Harry Thompson on Thanksgiving day. Supper was served in the most appetizing manner and the room was splendidly decorated to suit the occasion.

The bride-to-be was the recipient of many useful presents. Dancing was the main feature of the evening. Twenty-six were present and everyone spent a most enjoyable evening.

Birthday Party for Liberberry Child

Saturday was the sixth birthday of Alden Earl Rexroat, son of Mr. and Mrs. W. E. Rexroat of Liberberry neighborhood, and the occasion was observed by a party Saturday afternoon at the Rexroat home. Sixteen boys and girls were the guests and they spent several hours in a happy manner with games and contests. In the candy hunt the prize went to Katherine Thompson. Alden was the recipient of a large number of gifts. Before the little ones left for their homes Mrs. Rexroat served refreshments of a kind especially appreciated by children.

MEMORIAL SERVICE FOR MR. CONKLING

When Judge Smith adjourned circuit court Saturday afternoon he announced that court would not convene again until 1:30 Monday afternoon. Judge Smith desires to be in Springfield tomorrow morning to attend the memorial service arranged by the Sangamon County Bar association in memory of the late Clinton L. Conkling, whose death occurred recently. Mr. Conkling was the pastor of the Sangamon county bar and had been a prominent figure in Springfield for many years.

Quincy, Ill., Nov. 13.—Here's a new use for a gas mask; an unidentified highwayman, wearing an army gas mask, entered the Weems Laundry here early tonight, grabbed Miss Alice Keppner by the throat and held R. J. Holford, office manager at the point of a gun while he secured the company's cash box. The robber escaped. His haul amounted to about \$90.

FORTRESS FOR SANATORIUM

Geneva.—Switzerland's strongest Alpine fortress, Saint Maurice, is to be dismantled and converted into a tuberculosis sanatorium. It is at an elevation of 1,000 feet and the several millions of francs spent upon it for defense, it is said, have made many improvements that may be utilized in its new use.

ARMENIAN WOMEN SHOW APPRECIATION

Send American Flag to Women of United States—Emmons K. Ellsworth Acknowledges His Receipt.

Washington.—(By The Associated Press).—As a token of thanks and appreciation for services rendered by the women of America to the women of Armenia the later have sent a large and richly decorated Armenian flag to the Woman's Committee of the Council of National Defense. The flag has just been delivered to the State Department after being en route from Armenia for nearly a year.

The banner measures 46 by 56 inches and is completely bordered by a fringe of narrow gold. It is entirely hand made even to the joining of the tri-color stripes which are sewn together with stitches of almost invisible minuteness. On the reverse of the flag is a greeting, emblazoned in gold embroidered letters as follows: "To American Women From Armenian Women."

Accompanying the flag was a letter dated at Cairo on November 2, 1919, from Dr. H. B. Ketchikan, president of the Armenian National Council to H. Gary, American Consul General Kasr-El-Doubar, Cairo. The letter follows:

"We beg leave to introduce to your excellency a delegation of the Armenian woman's committee who wishes to commit to your care a small box containing a specimen of our national flag being the result of an elaborate needle work on a specially prepared design, with a request to have same forwarded to the Woman's Committee of United States Council of National Defense at Washington, as a small token of deep gratitude in recognition of the great interest shown toward the Armenian women and the valuable services rendered for the Armenian cause.

"We take this opportunity of requesting your excellency to be interpreter of our grateful thanks for the noble work done by the great American nation for the well-being of our country."

Receipt of the letter and flag has been acknowledged by Emmons K. Ellsworth, acting director of the Council of National Defense.

EXANGELISTIC MEETINGS AT CHRISTIAN CHURCH

The Violette-Pollock meetings at the Central Christian church will continue throughout the week. Much preparation has been made for the services today, beginning with the Sunday school at 9:30. Dr. Violette will preach at 10:45 and 7:30. During the morning service Miss Louise Miller will sing "Fear Ye Not, O Israel," by Dudley Buck. Prof. Pollock will have charge of the program of music in the evening. Dr. Violette exalts the Christ and issues an appeal to the reason and the heart. More than fifty have responded to the invitation in these services. Every department of the church has been quickened to greater service and hundreds of men and women have felt the uplift of the soul stirring sermon. One praise worthy feature of the meetings is the presence of so many local ministers in the services. One evening during the week there were eight ministers present, not including the pastor of the church and the evangelists. If you are not attending church elsewhere today you will be welcomed at Central Christian church.

SPANISH STEAMER IN COLLISIO

(By The Associated Press)

New York, Nov. 13.—As he passengers, 250 of whom were immigrants, lined the rails for a glimpse of New York's sky line the Spanish Royal Mail steamship, Montserrat, collided today with the Mallory line freighter, San Marcos. The Montserrat was beached and the San Marcos, however smashed, made her pilot safely.

A threatened panic among the immigrants was averted by the officers of the Montserrat. One man, however, leaped over the side. He fell on the deck of a tug that had come alongside, and was not seriously injured.

Wisconsin Trims Illinois 14-9; Princeton Defeated Yale

PRINCETON EASILY DEFEATS YALE

Breaks Hoodoo of 23 Years and Downed Yale for the Second Year in Succession — Louie Makes Touchdown on Fake Play That Amazed the 30,000 Spectators.

PRINCETON, N. J., Nov. 13.—Princeton's football eleven today broke a hoodoo of 23 years and defeated Yale for the second year in succession. In running up a score of 20 points, including two touchdowns and two field goals against nothing for Yale, Don Lourie of Peru, Illinois, Mike Callahan of Lawrence, Mass., and Stanley Keck, of Greensburg, Pa., put themselves in the galaxy of orange and black heroes who have contributed sensational feats in defeating an ancient foe.

Lourie made the prettiest play of the game just as the first half was coming to an end. Princeton had the ball for the first down 61 yards away from Yale's goal. It was obvious that there was little time left in the period. Keck dropped back from the line to the kicker's position and Murray lay on the ground in front of him at the 51 yard line as if to hold the ball for a place kick. Keck being particularly adept in that respect. Then came a surprise. Lourie received the pass perfectly from Capt. Mike Callahan, scrambled to his feet, circled Yale's right wing, dodged, sidestepped and straight-armed and crossed the last white line to the amazement of both the Yale team and the 50,000 spectators.

Princeton men foreseeing a victory already thought that this would be sweet revenge indeed on Yale should it be the means of winning the game for Yale once had used the very same play to defeat Princeton toward the end of the game when victory appeared to lay with the Orange and Black. That was when Tad Jones, the present Yale coach was a player and he and Ted Coy enabled Yale to score touchdowns by fakes at place kicks.

Princeton's cup of joy began to run over before the third period was less than two minutes old. Princeton punted on the first line-up of the half from its own 30-yard line to Yale's 20-yard line, where Thorne Murphy mis-

judged Scheerer's spiral and muffed it. As the ball rolled back toward the Yale goal, Mike Callahan, picked it up and ambled across the Yale goal line for another touchdown.

after in the third period Keck kicked a field goal from 36-yard line, with Lourie holding the ball just as he had bluffed at doing before making his sensational run. Keck kicked both goals after the touchdowns and enhanced the high regard in which he has been held by critics for his excellent line play all season.

The other Princeton score was a field goal by Murray on the first play of the second period, a drop kick from the 35-yard line. Yale never compared with Princeton except for a flash in the second period, when after advancing the ball down from its own 63-yard line to Princeton's 22-yard line, it found its offense checked and tried for a field goal.

Murphy made the attempt standing on its own thirty yard line, but the ball was wide. Never again was the Princeton goal line in danger.

The victory was the greatest Princeton triumph over Yale as regards size of score, since 1898 when Princeton made 24 points.

JACKSONVILLE LOST TO SPRINGFIELD HIGH

Locals Go Down to Defeat by Score of 14 to 0—Defense Crumbles in Second Half.

Jacksonville high, playing with Springfield in that city Saturday afternoon, went down to defeat by a score of 14 to 0.

The locals did not display the same brand of football they showed in the Waverly game and never seemed able to get together during the entire game.

During the first half Jacksonville held Springfield fairly well, the score at the end of the first half being 14 to 0 in favor of Springfield.

However, in the second half the local's defense crumbled before the Springfield attack and the scores rolled up rapidly. Springfield presented a greatly improved team over that which faced Waverly early in the season and was a well oiled machine.

WISCONSIN WINS GREAT GAME FROM ILLINOIS

Badgers' Spurt of Forward Passing in Third Quarter Lasted Just Long Enough to Shove Over the Winning Points—Robert Fletcher Kicked Three Field Goals.

Madison, Wis., Nov. 13.—Wisconsin today tumbled Illinois out of first place in the western conference football race by a spurt of forwarding passing which lasted just long enough to give the Badgers 14 points to Illinois' 9 in what was, perhaps, the greatest football victory ever won by a Crimsonian eleven.

The Badgers staged a double comeback in winning the game, for they were looked upon as having only a bare chance before the kickoff and Illinois in the early quarters lived up to expectations by taking a six to nothing lead when Ralph Fletcher made two placement kicks after the Illinois backs had plunged thru to Wisconsin territory. Fletcher kicked a third goal later, but it did no good.

In the third period, however, the Wisconsin team lived up to its reputation for versatility and power and, with the cry of "On Wisconsin," voiced by 20,000 students, and alumni, sent over the scores which brought victory.

Illinois rallied near the end, but Wisconsin refused to lose its grip on the game and the Illinois backs found that they could plunge through the Crimsonian line and pass over the secondary defense in the middle of the field, but when in Wisconsin territory the opposition defense was too stiff.

Most of the game was a punting duel, with Illinois having a slight advantage, many of Sundt's kicks going out of bounds.

The defeat placed Illinois in second place in the conference standing with a mark of four and one, Ohio State, which was idle today, leading with four victories and no defeats.

WAVERLY HIGH WINS FROM CARROLLTON

Defeat Visitors in Hard Fought Game by Score of 17 to 13—Waverly Showed Reversal of Form Over That Shown in Jacksonville Game.

Waverly, Nov. 13.—Waverly high, showing a complete reversal of form over that displayed in the game at Jacksonville a week ago, defeated the strong Carrollton high school team by a score of 17 to 13 this afternoon.

Carrollton presented a strong team and this was the first time this season that they have tasted defeat. The game was one of the hardest fought contests ever seen on the Waverly gridiron, and Carrollton was dangerous until the last whistle.

Both teams scored in the first period. Redfern carried the ball over for Waverly and goal was kicked. Redfern also made a place kick from the 25-yard line in the second quarter.

Carrollton's score came through a sensational run by the quarterback, who grabbed the ball on his own five-yard line and ran the length of the field for a touchdown.

In the third quarter Jarret carried the ball over for Waverly's last score and goal was kicked. Carrollton also scored another touchdown in this quarter.

Waverly high will play Virden here next Thursday.

Shale of Springfield was the referee, Livingston of Springfield, umpire, and Dr. Walter Allyn was headlinesman.

CENTENARY WINS FROM ARENZVILLE

Take Visitors in Camp by Score of 56 to 14—Lucas and Wood Star.

Centenary's basketball five took the Arenzville high school into camp in David Prince gymnasium Saturday evening by a score of 56 to 14.

There was but little doubt as to the outcome of the game after the first few minutes of play, as Wood and Lucas negotiated baskets almost at will.

The playing of these two men featured the contest, though all of the Centenary team played good basketball. Beard and Bridgman scored the points for Arenzville. The score:

NOTRE DAME DOWNS INDIANA 13 TO 10

INDIANAPOLIS, Ind., Nov. 13.—Indiana sprang a surprise on Notre Dame and the conquerors of the army had difficulty in defeating the Crimsonian, 13 to 10, here today.

Notre Dame did not get started until near the end of the third period, and its first score came in the fourth period when Gipp went over for a touchdown. He then kicked goal.

Shortly after Indiana fumbled and Brandy made a touchdown, but Gill failed to kick goal.

Indiana scored on a place kick by Captain Risley in the second period and with a touchdown and goal in the third.

MICHIGAN HUMBLLED CHICAGO, SCORE 14-0

Maroons Fought Hard Until the Last but Were Unable to Hold in Critical Moments—Offside Play Robbed Michigan of the Third Touchdown.

ANN ARBOR, Mich., Nov. 13. Michigan's football eleven humbled Chicago here today by 14 to 0 score. Maroons, altho fighting to the last, were unable to hold the Michigan backfield men at the critical moments of the game. After the first period during which neither side scored, the Yostmen were not in danger.

Usher and Banks were the individual stars for Michigan, the former carrying the ball over for both of the Wolverine touchdowns and Banks being the leading ground gainer for Yost.

Usher crossed the Chicago line for the first scores in the second period after Banks had clipped off 20 yards in two end runs. The Michigan half back received a pretty forward pass from Banks on Chicago's twenty yard line and carried the ball over without interference.

Early in the fourth period Michigan began its march toward Chicago's goal for the second touchdown. The ball was carried forward by end runs and line plunges to within a few inches of the line.

Usher carried it across. Steketee kicked both goals for Michigan.

Michigan was deprived of a third touchdown in the final period by an offside play. Goetz blocked a Chicago kick and Dunne carried the ball across the line, but it was brought back.

In the first period the ball was kept well in Michigan's territory, the Wolverine line preventing the Maroons from breaking thru however. In the third period, Michigan kept the play in Chicago territory but the Maroons held.

NORTHWESTERN DEFEATED PURDUE; SCORE 14-0

EVANSTON, Ill., Nov. 13.—Captain G. Pengfield's scooping for the ball on a Purdue fumble in the last quarter and running 65 yards for the second touchdown of the game featured the Northwestern 14 to 0 victory over the Boilermakers today.

IOWA DEFEATED MINNESOTA 28 TO 7

Iowa, City, Iowa, Nov. 13.—Homecoming day at University of Iowa was a marked success in the opinion of 12,000 Iowa fans, who saw the Hawkeye football eleven romp away from the Minnesota team with a 28 to 7 victory here today. There were scattered doubts even in the Hawkeye stands when the first period ended for Minnesota counted its touchdown in that period while holding Iowa scoreless, but after the second period was well under way the outcome seemed never in doubt.

BALDWIN SIGNS TO SCRAP CHICAGO MAN

There wasn't any movie men or cartoonist handy when Al Baldwin, Jacksonville's lightweight fighter, and Andy Williams of Chicago signed for a ten round fracas to be staged in Beardstown, but the announcement will be received here with interest, just the same. Baldwin and Williams will meet at a big show scheduled for the Princess theater in Beardstown on the night of Tuesday, Nov. 23.

Baldwin and his opponent will weigh in at 3 o'clock. Both have promised to make 133 pounds by the time of the fight. Baldwin is said to be in the pink of condition since his fight at Boone, Ia., where he outpointed a fast lightweight weighing several pounds more than the local man.

A big fight card is set for that night, together with a wrestling bout. Ed Smith of Chicago will referee all matches.

ARMISTICE DAY PROGRAM AT BLUFFS

Exercises Held Thursday at Warren Theatre—Surprise for Rev. E. J. Rees and Family—Other Items From Bluffs.

Bluffs, Nov. 11.—Armistice Day exercises were held at the Warren theater Thursday evening with a splendid audience present. The program was pleasing throughout and was rendered as follows:

Piano duet—Misses Vera McCaleb and Zella Mueller.

"Star Spangled Banner"—Audience.

Invocation—Rev. Elvin Palmer. Song, "America, the Beautiful"—Quartet.

The "Doll Song" and "Choo-Choo Is a Great Big Horse," two songs by the pupils of the first and second grades were very pleasing, as songs by the little folk usually are.

"Battle Hymn of the Republic"—Audience.

Vocal duet—Miss Vera McCaleb and Zella Mueller, with Miss Helen Dolbeare at the piano.

Remarks—Rev. E. J. Rees.

Dress—Supt. O. V. Walters.

This part of the program was especially pleasing, as the speaker is an ex-soldier boy who saw service in foreign fields. He gave a brief review of the war, dwelling particularly upon the neutrality of this country and how the Central powers had broken all international laws until at last the United States unhesitatingly drew her sword and the whole country became vast war camps, munition factories were opened and young men answered their country's call and how after training in military camps 2,000,000 soldiers were landed on foreign shores and of the great battles of the Argonne, Chateau Thierry and St. Mihiel.

Later the whole world, weary of war had, on Nov. 11, two years ago, ceased warfare and an armistice had been agreed upon. The boys returned to their pursuits in life once more. He urged that on this occasion, the commemoration of Armistice Day, that we not forget that 8,000 boys sleep in foreign fields, sacrificed upon the altar of freedom.

In conclusion he urged that we be true Americans, there being no place for the English-American, German-American. We must be loyal Americans, loyal to our president, our government and to our free institutions. The future destiny of this country depends upon us. There are no Democrats, no Republicans, no Socialists, but all true Americans.

At the close of the program the American Legion boys assembled at their hall, where the Auxiliary ladies had prepared a feast for the boys and their families. This part of the program will long be remembered by those fortunate enough to be present on this occasion.

Dr. J. K. Hawkins, chiropractor from Des Moines, Ia., expects to return home to take up a special line of work in his chosen profession.

Kenneth Black of Springfield is the guest of his grandmother, Mrs. Margaret Tewksbury.

Mose Woods and family have moved into their home in the south part, which they recently purchased.

The Y. L. A. will meet with Mrs. Addis Fuson as hostess, Friday afternoon. The time will be spent in making plain and fancy aprons for a bazaar, to be held sometime before the Christmas holidays. Some are very beautiful and will make handsome Christmas gifts.

The members of the church and friends of Rev. E. J. Rees, pastor of the Methodist Protestant church gathered at the church basement Wednesday to surprise him and his family.

The affair was arranged for a reception for the pastor and family, who were to remain another year. Forty people were present and a very pleasant evening passed. Luncheon was served, to which all did justice.

SWEDISH BUSINESS PROSPECTS NOT BRIGHT

Stockholm—Prospects for the coming winter are regarded by Swedish business men as anything but bright at present.

After the war broke out, Sweden, the country became flooded with American and English products, chiefly textiles, foodstuffs, and automobiles. As a result, the dollar rate soared from 3.20 kroner to nearly 6. The importation of foreign foodstuffs soon ceased, but textiles and automobiles are still pouring into the country at such a rate that an embargo upon their importation is being seriously considered.

The overflow has thrown thousands of Swedish workers out of employment. The great mills at Norrköping and Borås have been working only four days weekly since August and they are now preparing a general dismissal of their employees.

High wages, and the operation of the eight-hour day which has been in force here for a year, are blamed in some quarters for this state of affairs.

Swedish manufacturers, especially iron and steel, are no longer able to compete with the foreign-made articles. For a time, plants have been accumulating stocks, but signs abound that this has reached its limits. A strike in the building trade has lasted for nearly a year and the housing problem has become so acute that to rent a flat in Stockholm or in any of the big Swedish centers is well nigh impossible.

With all this, the workers continue agitating for still higher wages and shorter hours. The elections last September resulted in disapproval of the socialist regime and the present socialist government is said to be anxious to relinquish office.

AWARDS MADE ON CARNEGIE MEDALS

Many Lost Lives Trying to Save Others—Appropriated \$10,000 to Pay Educational Expenses of Heroes.

Pittsburgh—Ten persons, some of them mere boys and one girl stenographer, lost their lives in deeds of heroism which were recognized by the Carnegie Hero Fund commission at its regular fall meeting held here recently.

Thirty-three medals were awarded by the commission which, in addition to minor financial appropriations, recognized seven heroic acts by appropriating \$10,000 to the education of those responsible. An additional \$10,000 was applied for the liquidation of indebtedness and to other worthy purposes for heroes.

The young woman who lost her life was Karin S. Lundberg, 19 years old, of 12 Chadwick avenue, Hartford, Conn. She was drowned in the Farmington river while attempting to save Evelyn M. Anderson, July 5 last. A silver medal was awarded to her father.

To the others who lost their lives bronze medals were awarded in each case. They were:

Leo Daniel McCarthy, 400 Colb street, Johnsonburg, Pa., drowned while trying to save Robert E. Henretty, October 17, 1919; Roy Kekeneh Davis, age 14, 2518 West Jefferson street, Louisville, Ky., drowned while trying to save James Alexander, September 4, 1919; Harold Green, 1000 North Ave., age 12, Flushing, Mich., drowned while trying to save Merrill E. Va., drowned while trying to save Adrian A. Lloyd, at Kingsport, Tenn., June 24, 1917; John R. Kirkham, High Point, N. C., drowned while trying to save Annie E. Burkholder, at Wrightsville Beach, N. C., July 24, 1919; John James Sullivan, 133 KKauffman, Placem, Indianapolis, Ind., drowned while trying to save two negro boys at Indianapolis, March 2, 1920; Emory O. Cotton, Enterprise, Ala., drowned while trying to save Mildred Dowling at Geneva, Ala., May 3, 1919.

Bronze medals were also awarded by the commission to the following:

Charles E. Sanborn, 12 Spruce street, Watertown, Mass., attempted to save E. H. Chandler from drowning, Ocean Bluff, Mass., Sept. 5, 1917; James L. Worth, 55 Harrison avenue, North Abington, Mass., saved Francis W. Geloran, at railroad crossing, October 20, 1917; Alexander James Campbell, aged 69, Mt. Sterling, Ill., saved Bernice M. Kirkham from drowning, August 8, 1918; Walker O. Lindsey, Madison, Ga., attempted to save two negro laborers from a collapsed well, March 20, 1916; E. E. Drummond, Hampton, Va., saved two girls from drowning January 11, 1918; William A. Cathey, Silva, N. C., saved two boys from burning house October 27, 1917; Gertrude M. Merrill, 43 Brattle street, Arlington Mass., saved Ruth Bonner, from being killed by a railroad train, December 20, 1918; Milton M. Chappell, 323 West Adams street, Muncie, Ind., saved Edward D. Winder from drowning January 22, 1918; George W. Billings, Filippine, Ark., attempted to save Virginia L. Hayes from being killed by a train, April 2, 1919; William P. Clark, Camp Meade, Md., saved F. T. Duckworth from drowning, Morganton, N. C., July 16, 1916; Veronica Clougherty (now Mrs. Rufus J. Morton) 65 Walnut street, Atlantic, Mass., saved Daniel Davy from drowning, August 1, 1917; Ira Burrell Pamplin, Va., rescued W. Harrison and W. D. Nix from well filled with dynamite fumes at Marble, N. C., September 18, 1915; Charles Lewis Van Zandt, Elmhurst, Ill., saved unidentified girl from being killed by a railroad train in Chicago, February 16, 1918; Elbert W. Davis, 1339 Bonita avenue, Berkeley, Cal., saved Victor B. Cesmat from drowning, Emerald, Cal., July 21, 1917; Sarah Anna Leach, 120 East Boerger avenue, Fort Wayne, Ind., saved Katherine B. WANT CONVENTION WOMEN OF EAST

London, Nov. 14.—By the Associated Press.—The Congress of Eastern Peoples which was held at Baku in September decided to undertake a campaign of agitation and propaganda among the Mohammedan women of the East, says a wireless dispatch from Moscow quoting the Russian newspaper PRAYADA. Women delegates to that congress are declared to have urged a congress composed exclusively of women of the East. Soviet Russia would be represented in such a congress by delegates from Astrakhan, Turkestan, Daghestan and Azerbaidjan.

The purpose of the proposed campaign as defined by the newspaper, would be to induce Eastern women to "take their places in the ranks of the strugglers for the liberation of the East."

STREET CAR HITS REDBURN MILK WAGON

North Main Street Car Collides With Wagon — Mr. Redburn Painfully Bruised and Cut — Wagon Also Struck by Auto Truck in East North Street.

John Redburn who operates a dairy was painfully bruised and cut about noon Saturday when his milk wagon was struck by a street car, near the intersection of North Main street and Independence avenue. The wagon was badly damaged in the collision.

Mr. Redburn was delivering milk to the residents of North Main street at the time the accident occurred. He started to turn, not seeing the approaching street car, and drove directly on the track. The wagon was hit broadside, turning the vehicle over and putting it out of commission.

Mr. Redburn was thrown against the side of the wagon and suffered a badly bruised arm and shoulder and also received cuts about the face and head.

Fortunately he was driving a gentle horse and the animal did not attempt to run. Mr. Redburn crawled from under the wreckage without assistance.

Earlier in the day his wagon was struck by an auto truck in East North street and he received a cut in the face.

ILLINOIS WOMAN'S COLLEGE NOTES

In the October number of the College Greetings a most interesting letter appeared from Feril Hess of the class of 1915. Miss Hess is in Czechoslovakia in Y. W. C. A. work. She is quite successful in her work, and is enjoying her opportunity to be of real service.

President Barker was called to Boston to meet with the Council of Boards of Benevolence of the M. E. church.

Miss Watkins of the Chicago Training School for Religious Workers has returned after spending a number of days at the college in advising students in regard to life work.

The plans for the annual Red Cross roll call are being actively pushed by Miss Mary Rose Adams, who has been appointed in charge of the college.

Miss Esther Harper of the class of 1921 gave a group of readings at the entertainment given by the I. O. O. F. Thursday night.

Mrs. W. B. Sample of Minier spent several days with her daughter Miss Hilma. Miss Mildred Owens is spending the week end with her parents in Panama.

Miss Knopf of the School of Fine Arts, is exhibiting two of her pictures, "The Village Street, Provincetown," and "Autumn Garden Flowers" with the exhibition of Illinois Artists now being held at the Allied Arts Society in Peoria. The exhibition later goes to Decatur and other Illinois cities.

H. A. PERRIN TALKS TO WOMAN'S CLUB MEMBERS

City Superintendent of Schools Discusses "Vocational Training" at November Meeting of Jacksonville Woman's Club Saturday Afternoon.

A large company of women was present at the November meeting of the Jacksonville Woman's Club at Odd Fellows temple Saturday afternoon. H. Ambrose Perrin, city superintendent of schools, made the address of the afternoon, his theme being "Vocational Emphasis in Training." The president, Mrs. O. F. Buffe, presided and the minutes of the previous meeting were read by the secretary, Mrs. H. A. Perrin.

Mrs. Mabel Mathews Gregory sang two numbers, "Deep River" and "Birth of Morn," and her beautiful voice was heard with fine effect in these selections. At the close of the address the members and their guests enjoyed a brief time socially and refreshments were served.

Only a few paragraphs from Mr. Perrin's excellent address are given:

Three Classes in the World

All worth-while people in the world have some task to perform, give some service that is essential. We have in the world three great classes: The idle rich, the idle poor and the great middle class—the people who do the world's work. The latter class includes all those, rich or poor, who are doing the work that needs to be done in the world. This work must be carried on in the most economical way possible if there is to be the desired results.

"The war has taught us some needed lessons and these we are applying to modern life. We are studying to know people and their abilities in order that we may put them in the position in life where they will use these abilities in the way that counts the most and thus be of most benefit to the communities in which they live. The war brought the first great analysis of intellect, the effort to find what the mental capacity or ability of a person is. We are realizing today more than ever before that we are not all alike intellectually. We have known all along that we were not all alike physically, but the mental measure is a thing of more recent days.

Definition of Intellect

"Intellect is defined as applying one's thinking power to new problems. Different callings in life present widely divergent problems and the task confronting us today is to find the people who are by nature fitted for the various callings, and then train them to perform the duties of their positions.

"The great industries have realized the importance of having 'the right man in the right place,' and are using scientific simplifications in order to ascertain a prospective employee's aptitude or ability in certain lines. Thus are they able to judge beforehand whether or not it will be worth while to spend time and money in training the employee for the duties of a given position.

Many of the large industries find it worth while to employ psychologists to assist in selecting the people who are to have charge of the various tasks, and after finding the ones who are best fitted these industries are establishing vestibule or training schools. In these schools we find men, women and children learning everything from the A B C's of the industrial world, clear up to the most intricate piece of work. If there is such a thing as putting soul back into industry, this is surely where we find it.

An Educational Problem

"But this is not only an industrial problem but an educational one as well, and for those of us who are engaged in training the young there is the task of finding where the children's aptitudes or special abilities lie and then developing them to the highest possible point during the school years. In the junior high school we let the child study the problems of the various lines of endeavor and give him a practical try-out in the duties of one in which he has an especial interest. In this way we are able to decide whether or not the child has the characteristics or attitude which will make him a success in the chosen endeavor. Then when he gets to the senior high school he is able to still further devote his time and thought to the particular line, and thus fit himself for his life work before high school days are over.

An Idealistic Doctrine

"We used to teach the idealistic doctrine that anybody could be a good doctor or lawyer if he would devote the necessary time to the study of the chosen profession, but we have come to know that this is false, and that without the necessary mental capacity failure is sure to come, no matter what the special training has been.

"One great lesson we must learn is that every person who does a useful service is essential to the community. No matter how lowly the task if it is essential and for the welfare of the community, the workman himself is essential.

"We are proud of our schools and institutions of learning, but we will feel no pride in them if they lag behind the boys and girls who are in later years to do the work of the world. And when the time comes for us to give emphasis to a new kind of training we must be ready and willing to face the problem and solve it to the best of our ability."

At the close of Mr. Perrin's address Mrs. Buffe expressed the hope and belief that the Woman's club and like organizations will be found ready to assist in every possible way in the solving of this and similar problems which our modern life presents.

Brass bed, springs and mattress, 1 Wilton Velvet rug, Morris rocker and chair, dining table and chairs, stand table, shades and curtains, kitchen utensils, must be sold today. Over Jacksonville Candy Co.

ILLINOIS COLLEGE NOTES

George M. McConnell ex '32 has recently moved from Alabama to Indiana. It will be remembered that Mr. McConnell wrote the songs which were sung at the Phi Alpha Reunion last commencement.

Sherman Leavitt, formerly professor of Chemistry at Illinois College is now teaching in the Department of Chemistry of the University of Minnesota.

Mrs. J. G. Ames has presented to the college a document signed by President Abraham Lincoln and William H. Seward, secretary of state. The document is a commission to Robert C. Kirk of Ohio, a grandfather of Mrs. Ames, appointing him minister of the United States to the Argentine Confederation. The commission is appropriately framed and will, in due time, be placed in the College Museum.

The students enjoyed very much the Armistice Day program given in the College Chapel Thursday morning. The college band played a number of selections. Talks on Armistice Day were given by Professor Moats, Geo. Drennan '21, Dale Gibson '22, Leon Ferreira '22, and William Scott '23. At the close of the exercises the Overseas Club presented the library with a set of the "Stars and Stripes", the official paper of the American Expeditionary Forces.

The college is planning to send out invitations to the alumni and former students of the college in Illinois to attend the home-coming game of the college next Saturday, November 20. Millikin University of Decatur plays Illinois on that date. Millikin is undefeated and Illinois College has lost but one game so that the contest is really for the Illinois Intercollegiate Athletic Conference championship.

FIRE DEPARTMENT HAS THREE ALARMS

Saturday was a busy day for the fire department as three alarms were responded to during the morning.

All of the fires were roof fires caused by sparks from chimneys. Chief Hunt said yesterday that people should be careful now as roofs are dry and it does not take much to start a costly blaze.

The first alarm was from the residence of J. F. Litter 501 S. Main street at 6:45 o'clock Saturday morning. The blaze was extinguished with a small chemical with but little damage.

At 8 o'clock the department made a run to 871 North Main street, the Moore Rug company, operated by John Roberts. Mr. Roberts had the blaze practically extinguished by the use of a small Babcock fire extinguisher when the department arrived.

At 9:20 o'clock the department responded to an alarm from 608 South West street. A small hand extinguisher put out the blaze but the roof was considerably damaged.

GREETINGS TO DOCTOR THOMAS SMITH

Thursday evening at the home of Clark Stevenson, in the vicinity of Woodson, the members of the congregation of Pisgah Presbyterian church gathered in a social way to greet Rev. Thos. Smith, D.D., who is to serve the church Sunday afternoons as long as conditions will admit. A goodly company greeted the worthy gentleman and a very pleasant evening was enjoyed. Nice refreshments were served and all present had the pleasure of meeting and becoming acquainted with the gentleman who is for them the bread of life and they are surely fortunate in securing such a pastor.

From the city Mr. and Mrs. George D. Guthrie, W. C. Brady and wife, Miss Lucy Narr and Miss Almira Moors were present.

ILLINOIS COLLEGE NOTES

Plans have been made for the dedication of the E. W. Blatchford Memorial Organ on Sunday afternoon, Nov. 21st, at 3:30 o'clock. Members of the conservatory faculty will give a concert and Mr. Harry J. Dunbaugh of Chicago, a warm friend of the Blatchford family will make a brief address on the character and career of Mr. E. W. Blatchford. Friends of the College are cordially invited to this concert and Memorial service.

President Rameckamp and Mr. Bancroft have been busy the past week working in the interest of the College endowment campaign. Subscriptions are being added to the fund practically every day. Among the subscriptions of the past week was one of \$1,000 by a Springfield friend and another of \$500 by one of the substantial and influential farmers of Morgan county. There have also been many smaller subscriptions during the week including \$100 from Petersburg alumni and \$125 from friends in White Hall.

The College will observe the Pilgrim Ter-Centenary on Monday, Dec. 13. President Ozora S. Davis of the Chicago Theological Seminary will deliver the principal address. Dr. Davis is one of the most eloquent speakers who has ever come to the campus. The committee considers itself fortunate in having secured the services of Dr. Davis for the exercises.

FIRST PAPER IN ILLINOIS WAS IN 1814

George Hollinger has called attention to the following historical item:

From a copy of the first issue of the Inland Printer dated October, 1883, this historical item is taken: "The first printing press was brought to Illinois in 1809, by Matthew Duncan, a brother of one of the early governors of the state. The press was used for several years at Kaskaskia, the then capital of the territory, for the purpose of public printing. At that time no newspaper had yet been started within the limits of what is now Illinois, but in 1814 the first newspaper called the Illinois Herald, was established at Kaskaskia, and printed on this press. Matthew Duncan was editor and proprietor. The whole territory then contained about ten thousand inhabitants living mostly along the rivers in the extreme southern part of the state. This was quite a number of years before Chicago could boast of a printing press or a newspaper, the first enterprise of the kind being started in the city in the latter part of 1833."

ELKS ANNOUNCE JOLLIES OF 1921

Local Lodge Will Give Annual Show on November 24 and 25—Many Old Favorites Will Take Part.

Jacksonville Lodge No. 682 B. P. O. E. has announced the date of the annual Elks minstrels, the Jollies of 1921. The show will be given on November 24 and 25. The lodge has again secured the Joe Bren Production Company to stage the offering. This assures patrons that the performances will be the best that can be put on.

One of the main features of the show this year will be the costumes. These will be used in the local production for the first time on any stage. They are said to be the finest that have ever been seen in a local production and will add greatly to the effectiveness of the performance.

Many of the old favorites are announced to take part in the Jollies of 1921. Charles Ma. Ator, Dr. R. R. Buckthorne, Major W. H. Dalton and Miss Wilhella Miller are among those who will appear in leading roles.

Rehearsals will start immediately and the cast will number fifty people, taken from the best talent in the city.

Stewart Company Makes on 18% Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in War on High Costs

Price reductions averaging about 18 per cent., have been announced by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks.

"This bedrock reduction in Stewart prices means a large temporary loss to the factory while using up material on hand," said Mr. Lippard in making the announcement, "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced, are as follows:

Model	Old Price	New Price
8 1/2 Ton.	\$4,100	\$3,395
2 1/2 Ton.	3,200	2,575
2 Ton.	3,075	2,495
1 1/2 Ton.	2,450	1,995

MUSCLES WERE TIED IN KNOTS

That's How He Says It Felt Before Tanlac Ended His Rheumatism.

"I am now sixty five years of age and have just got rid of a case of rheumatism that troubled me for twenty five years," said Jordan Smith a well-known farmer of Chatham, Ill.

"I paid but little attention to this rheumatism for several years but about twelve years ago it started up in dead earnest and I suffered just all I could stand. My whole body seemed to ache and the pains in my right shoulder nearly drove me distracted. If I tried to raise my right arm above my shoulder it hurt something awful.

"The muscles in my legs felt like they were tied in knots and the pains extended even to my hips. I had awful swelling in my knees that would last for days. Then about two years ago my right arm got so bad I couldn't put the harness on my horse or do much of anything else.

"I had not finished the first bottle of Tanlac before I saw a wonderful improvement. The pains began to ease up, and the swelling soon left me and then I could use my arms. When I had taken three bottles of Tanlac I was a well man, for I didn't feel a sign of rheumatism. I am still a well man and can do as much work as I did twenty years ago.

"My appetite is fine and I have gained several pounds in weight and sleep like a log at night. My friends have all been struck by the difference in the way I look and get around. I am certainly

BETTER ENGLISH PLANS FOLLOWED TO LETTER HERE

Account of Activities in Schools as Written by Junior High Pupils.

The past week has been celebrated all over the United States as Good English week. In the Jacksonville schools hundreds of posters were made and placed in the various buildings in order to increase the interest of the students in the better speech movement.

The pupils of the junior high school, under the direction of Miss Sibert and Miss Mansfield, have made over one hundred posters. The lettering on the posters was excellent and the ideas were very original and clever. The exhibit was well worth seeing.

Professor J. G. Ames of Illinois college was the first speaker in our good English campaign. He compared our language to a tool, valuable if used correctly, useless if used incorrectly. He emphasized the fact that knowledge gained in the classroom is useless unless put into everyday practice.

One of the most interesting features of the week was the tournament, under the supervision of the English teachers. All the sections competed. Section 6 won the first place, section two ranking second. Uniform sheets were used, with blanks to fill in with the proper terms. These were taken in order and as a pupil missed he was eliminated from the contest. The section losing the fewest, won the contest. The English classes of the junior high school were especially active in this work. Three short plays were written and produced by the students; each play emphasizing some special feature of our campaign.

RECREATION SURVEY

The recreation committee of the Red Cross Survey of Morgan county has mailed a questionnaire on recreation to a teacher in every school of the county except those of Jacksonville, to the minister or clerk of every church in the county. With the questionnaire sent out are answered and returned promptly. The committee hopes that recipients of its questionnaires will answer the few questions asked

and return the questionnaire sheet promptly and thus do their part in this important Red Cross undertaking.

If perchance any school, church or secret society has been overlooked, a questionnaire may be had from Miss Belden at the Red Cross office.

SERVICE

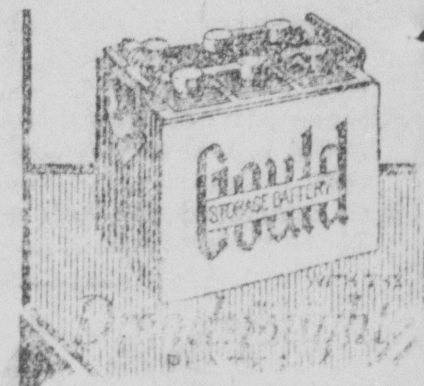

At the very beginning we resolved to render a service at a reasonable charge. This we are doing. SERVICE is interwoven into all our transactions. Keep in mind some of the things you know that an Undertaker should have to sell—Caskets, Vaults, Dresses, Suits and Service. Service is what you pay the most for but is never itemized in your bill. Why pay from \$50.00 to \$150.00 more for the same kind of Service?

The Old Style Washboard Has Had Its Day

 Like the Candle, the Stage Coach, and the Horse Car,
 It Has Served its Time

The wash board is responsible for half the wear on clothes. There are no parts in the tub of the Cataract to cause wear or tear the clothes. The hot sudsy water is forced through the clothes 70 times per minute, thus cleansing and purifying them. It will wash without rubbing wrist bands, collars and skirt bottoms.

This means that you can wash the daintiest silks, linens, or lace without any danger of their being injured. Therefore, it is practical to say that you save half the cost of clothing, and half the time in washing, by using the Cataract.

There are many things that you can wash in the Cataract that are impossible with the old fashioned rubbing

wash board. For instance, the machine will wash twelve pair of lace curtains at one time, with no possible chance of their being torn or damaged. The cost of operation is a mere trifle, being less than 3c per hour.

We have sold and specialized on washing machines for years, and our judgment is that the Cataract Electric Washer is the best. No matter whether it saves your time or the wash woman's, it is worthy of your consideration.

A special demonstrator is here from the factory, and this is an opportunity for you to try the very best Electric Washer made. Act today! Phone or call, and immediately upon your instructions, we will place a Washing Machine at your disposal for trial.

FIRST WARD PLAYGROUND A SUCCESS

Last year there was so much complaint regarding the conduct of those who had passed their hours playing on the main playground of the first ward that it was closed and the little folks were accommodated at the schoolhouse under the trees.

It did seem a pity to let land which had cost so much money go idle, so last spring the larger boys of the first ward were asked to assemble at Independence schoolhouse and meet the mayor, first ward alderman, the writer, chairman of the park board and any others who desired to be present.

The boys turned out pretty well, the mayor talked kindly with them and so did the two aldermen, Messrs. Flynn and McGinnis and finally the chairman of the park board had a friendly discussion with them. They were told that an experiment would be tried; they would not be subject to any police surveillance nor any restraint whatever but would be put wholly on their honor. They were asked to elect five boys who would be a committee to see that everything went well and report if they were unable to handle the affair.

A tennis court was fixed up for the girls, a basketball outfit for the boys, also an indoor baseball and a football.

Things have gone on the whole season and not a single complaint has been made regarding the big boys and girls. They have had their good times, have conducted themselves properly as far as the writer has been able to ascertain and all has gone well.

Some persons have made a practice of cutting across the playground from Independence to East street and it is the supposition that they have wrecked the tennis courts for the girls as it interfered with their path that saved lazy people from taking a few extra steps. It is a pity they can't be apprehended and punished but catching comes before hanging and are not likely to be caught.

It is indeed a pleasure to note the success of this experiment and the writer earnestly hopes the playground will be managed even better next year.

Only one complaint has been heard regarding the little folks at the schoolhouse grounds and that had immediate attention and the management is satisfied there is no just cause for complaint there.

COMMENCEMENT OF BUSINESS COLLEGE

Class of 1920 of Brown's Business College Will Hold Exercises in Central Christian Church November 20—Strickland W. Gillilan Will Make Address.

The annual commencement exercises of Brown's Business College will be held in the Central Christian church on Saturday, November 20, at 8 o'clock p. m. The owner, Faculty class of '20, and students of the college most cordially invite all friends of the college to be present on that evening and enjoy the lecture to be given by Strickland W. Gillilan, on "A Sample Case of Humor." Mr. Gillilan is America's foremost humorist. A rare treat is in store for those who hear this lecture. Admission is free. Some seats have been reserved. Admission to these seats will be by ticket. The school hopes to see every seat occupied. We shall use the church auditorium and the Sunday school room also, consequently there will be room for all.

Following is the list of graduates, with their courses:
Complete Business Training Course—Annabel Crum, Rowena Sinclair, Louise Boston, Shirley Murgatroyd. Special Secretarial—Edith Rodems, Margaret Harrison, Helen Carlson. Shorthand and Typewriting—Inez Verries, Pearl Dohrs, Helen Jackson, Esther Sample.
Business Managers—Leonard Robinson, Franklin Matthews.
Bookkeeping—Paul Samuel Black, Edna Kilian, Fred Masters, Chester Thomason, Orville Stumborg, Inez Verries, Wilbur Dams, Charles Williamson, Rudolph Davidmeyer, Geo. H. Evers, Raymond C. Allen.
The program will be published later.

CONSERVATORY NOTES

Mr. Quast sang two groups of solos, accompanied by Mrs. Ballard, at the benefit concert given by the D. A. R. on Tuesday evening, Nov. 9.

Miss Ruth Melba Armstrong sang at the celebration of Armistice day held in Grace church Thursday afternoon, Nov. 11.

Gerald Gill played a violin solo at a meeting of the Woman's club in Virginia on Oct. 27.

Miss Anna Francis Bradley played a violin solo and Miss Suzanna Mayer a piano solo at the Y. M. C. A. meeting on Nov. 8.

At a meeting of the Phi Omega on Thursday, Nov. 18, a paper will be read by Miss Esther Duncan; Miss Ruth Armstrong will sing a solo and Frank Collins, Jr., will play a piano solo.

There will be a students' recital in Recital hall on Thursday afternoon, Nov. 18, at 4 o'clock. The public is cordially invited.

Miss Virginia Bullard is spending the week of Nov. 7 in Chicago where she is hearing many concerts and recitals.

Miss Grace Pond and Alvin Wessler furnished the music at a program given by the Arenzville high school this week.

The public is invited to attend the recital to be given Sunday afternoon, Nov. 21, in Recital hall to dedicate the newly installed memorial pipe organ. Mrs. Bullard will play the organ, Mr. Quast and Miss Armstrong will sing and Miss Helena Sorrells will play a violin solo.

CITY PROPERTY

- (1) In the third ward we offer a 6 room house, furnace heat, and nicely located. For immediate sale. Large lot and garden, fruit, barn and chicken house. Price \$4,000. Part cash and balance on easy terms.
- (2) In the second ward an 8 room house, good location, south front, paved street. Price \$3,300.
- (3) On North Main street we have a large lot with a 5 room cottage in good condition for \$2,250.
- (4) In South Jacksonville, we have a lot 75x260 on car line with an 8 room modern house, nearly new. New garage for two cars. Good chicken house, garden, and fruit. Price \$6,500.

FARM LAND

Present conditions easily justify the payment of 7% or more for the use of money. But it is generally believed that we will have a reduction in interest in the coming months and years. When farm land sells at \$300 the interest at 7% is \$21 per acre. If money were worth only 5% the same farm could be sold for \$420 and the interest still be \$21 an acre. This means that with the coming of lower interest rates we are sure to see a corresponding advance in land values.

Again each acre of land must feed more people in the coming years and we can hardly expect any decline in land values.

- (a) I have to offer a well improved farm near Jacksonville and well located on an oiled road, \$275 an acre. Possession March 1st.
- (b) I have a splendid farm of 160 acres a little farther out for \$250 an acre.
- (c) A splendid 80 acre farm, black prairie land well tiled, fine new improvements and close to a good town, for \$350 an acre. This is a prime farm home.

MONEY

As we predicted the people who have waited until after the election have become restless and are now placing their money. We are certainly getting our share and all because we are really entitled to it. We have the securities, a satisfactory rate of interest, together with reasonable privilege. Just at this time we can place your money safely at 8% payable 2% every ninety days. See us about it at once.

Use Michelin Tubes

Why Because They Fit

Why Because Made to Fit

Your tire is circular in form, and a tube to fit properly, must be curved correspondingly.

Michelin tubes are made ring-shape so they will fit a ring-shape tire without pinching or wrinkling and breaking, adding greatly to the tube's life and dollars to your pocket.

Straight tubes won't fit ring-shape articles.

Daily Market Report

ALL GRAIN PRICES

SHOW INCREASE

By Associated Press.

CHICAGO, Nov. 13.—Short coverings made a higher range for all grains today with wheat in the lead. The markets were oversold and offerings were light but the upturn failed to hold as heavy selling developed and course grain broke sharply. At the finish wheat showed a net gain of 1/4c to 3/4c with Dec. \$1.79 1/2 and March \$1.70 1/4 to \$1.70 1/2; corn was higher 1/4c to 1/2c higher and provisions were unchanged.

There was a general disposition on the part of early buyers to take profits in wheat many of them not caring to leave their trades over Sunday in view of the disappointing action of the stock market.

New York reported two cotton oil exporters in financial difficulties which also aided in depressing prices.

Coarse grains were under pressure but with the exception of oats, prices failed to show much weakness and practically all the trading was above yesterday's close.

There was some export demand reported for corn at the seaboard.

Provisions averaged higher with grains and hogs.

Winter's Here; Better Get That "Estate Oak" Quick

The Estate Oak presents the biggest value on the market today. Its hot blast feature generates more heat from the amount of fuel used than any other heater known—making it an economical stove. The Estate Oak is of air tight construction, with a record of keeping fire for 48 hours on one charge. It is a beautiful stove—built in compact form and full nickel trimmed. If you are interested in the purchase of a heating stove you should see the Estate line. There is lots more we could write about these stoves—but we prefer TELLING it to you. Come in and let us demonstrate the Estate Oak. It will not take long to convince you of its worth.

RED CROSS VALUABLE IN HOME COMMUNITY

Carries on Many Activities Right at Home—Affairs Have Been Well Managed.

All of us are aware of the existence of the Red Cross, but to many minds it is associated with events that are taking place at a distance more or less great from this vicinity. Such is not the case, as the Red Cross is a very important factor in the life of this community today. The nature of its services precludes the advertising of its efforts, for the reason that its ministrations are in the main confined to the unfortunate of these amongst us, and the first principle of humanity forbid that these misfortunes should be revealed. It is only in a general way that attention may be called to the work that this society is enabled to do. As an instance of this may be

cited the fact that from January to October of the present year there were 451 visits made by the Child Welfare nurse, 180 of these being nursing visits and 271 instructive visits.

Four clinics were held at headquarters by Dr. East, the celebrated expert who is retained by the State of Illinois for his special knowledge of children's ailments. Thirty-four children were examined by him and his staff and many little boys and girls who had no other prospect than going thru life maimed or crippled have had this great handicap removed and have been given the chance to become useful citizens, instead of a burden on their families of the community.

There were also held three infant welfare clinics, presided over by some of the foremost physicians of Jacksonville, wherein 183 children were examined and their ailments diagnosed. 105 school children were also examined for their defects. A brief reflection will show to any well wisher of his fellow man that if only the results briefly touched upon here had ensued as a result of his presence in our midst of this great society then the money so generously given by the membership had been well invested. But this phase of the work is merely touching the surface of what has been accomplished during the past year. Space will not allow the detailing of the work that has been undertaken on behalf of the service men and their families, running into the hundreds of cases.

The Chapter has been fortunate in the personnel of those who had charge of its affairs, and doubly fortunate in the self-sacrifice of so many volunteers who have given freely of their time and effort to further this cause. It behooves us who have not had the time at our disposal to assist these volunteer workers, to make good by enrolling ourselves as members at once and share in the uplifting of our community. The small sum of one dollar is all that is required to become a partner in this great dividend paying enterprise.

Farm Bureau Notes

Riegel Invents Straw Spreader. W. E. Riegel, manager of the C. E. Mebarry farm at Tolono, has a unique way of spreading straw. It consists of two logs 24 feet long; these are connected together like adarg by three 2x6's about three feet long nailed to the bottom of the logs flat-wise. A board one foot wide is placed between the logs on top of the 2x6's, this for a man to stand on. The front log is eight inches in diameter and the rear one 5 inches, these sizes being necessary to get proper weight.

A team is hitched on either end and a man with a fork assists in keeping the straw going properly in front of the drag. Using a 3-8 inch cable which is thrown around a portion of the stack and connected to the tractor from two to three loads of straw are dragged out a time and left in bunches over the field. The drag or straw separator with team hitched on either ends then used in scattering these bunches of straw. Mr. Riegel states that by this method a good sized straw stack can be spread in a half day and the spreading is very even if the stack is new.

Acid Phosphate Most Economical Potato Fertilizer. On a members farm, a comparative test of 16 percent acid phosphate, and a 0-12-4 commercial mixture on potatoes in connection with manure, gave the following instructive results.

Manure alone 121 bushels per acre.
Manure and 350 lbs. acid-phosphate 220 bushels per acre.
The acid phosphate was given as a surface application in the spring, just before planting the potatoes, at the rate of 350 lbs. per acre.

It was worked into the soil by a double harrowing. The ground had been plowed in the fall, after receiving an application of barn-yard manure. The purchasing price of the acid phosphate was \$26.50 a ton which made the acre application of 350 lbs. cost \$4.65 not counting the work of spreading.

Soybean Pickers. Have been successfully operated in Edgar county this season and paid for themselves the first year with a handsome additional profit. Men who own them like them especially because one man can by their use, harvest a 50 or 60 acre field, all by himself with a very few cracked beans, and the machine leaves stalks and trash on the ground as a winter protection, and it is observed that no more beans are shattered or lost by this method than by the use of a mower or binder in harvesting the crop. An extra fine quality of seed is obtained when the picker is used and very few broken or cracked beans can be found when the seed is cleaned.

Resists Chinch Bugs. After looking over several fields of champion White Pearl corn in the county, we find that as much as the yellow varieties, in one case the bugs went thru a field of Champion White Pearl which will yield between 40 and 50 bushels, and took practically all the member's Reid's Yellow Dent of the other side. A large amount of this corn will be planted in this county next year.

Burning Campaign. At the meeting of the executive committee on Saturday it seemed to be the general opinion that we ought to do everything we can to destroy the breeding places of chinch-bugs, planned. When this rain stops we expect to mail out a real

live cartoon to members of the farm bureau, to banks, elevators and school teachers advocating a burning campaign. We hope to have the air full of smoke as if we were in the midst of a forest fire.

JOS. CHAMBERS,

COLLEGE OF MUSIC NOTES

The Glee club, under the direction of Miss Miller, furnished some patriotic numbers at the Armistice day program at Grace church Thursday afternoon.

Miss Elsie Carls, pupil of Miss Moore, played a group of violin solos in Ashland Monday night. Miss Moore, accompanied by Miss Mehus, gave some violin numbers on the program of the D. A. R. benefit concert Tuesday night. The occasion was the opening of the newly acquired Chapter house.

Miss Edna Sheppard, who is to appear in joint recital with Miss Martha Atwood on Monday night, will be remembered as a College of Music graduate. Miss Sheppard has continued her studies in Boston and New York and has frequently been heard in recitals in ensemble and solo program.

The second of the faculty recital series will be given by Mrs. Forrest on Monday evening. Miss Mehus will act as accompanist. The public is invited.

The engagement of Augusta Cottlow for a program early in December at Music hall is of especial interest not only because Miss Cottlow is in the front ranks of American pianists but because she is also a native of Illinois. Augusta Cottlow was born in Shelbyville, Ill., in 1878. Her early instruction was from her mother. Her first appearance was at the age of 6 in Shelbyville and the following year she played an entire program in Chicago. While a student with Carl Wolfsohn in Chicago she played the Chopin E Minor concert with orchestra. This important engagement came to her at the age of only 10 years. Miss Cottlow then traveled extensively, appearing in recital and as soloist with the leading orchestras. She then had a short European tour, but retired for further study. Busoni was her teacher in piano and Karl Harlin in ensemble playing. Since then she has been heard in all the great musical centers of Europe and the United States. Miss Cottlow is married to Edgar A. Grest and has one child.

HOLD DEMONSTRATIONS "FOOT COMFORT" WEEK

The week of November 15-20 will be observed by leading shoe dealers in all cities as "Dr. Scholl's Demonstration Week." People troubled with corns, callouses, bunions, or sort of aches or pains in the feet are invited to have their feet examined free by a practitioner (foot comfort expert), who will describe to them the discomforts they suffer, point out the cause and demonstrate the means of correction.

These experts are uniting in a drive to prove that all foot sufferings are needless and can be permanently corrected by Dr. Scholl's Foot Comfort Appliances, which are widely endorsed by physicians and surgeons and have millions of gratified wearers throughout the world.
